

Genazzano ELC 3 & 4

Goals for the Kindergarten Year

RESPONSIBILITY

For the children to learn about responsibility, and to take on responsibility in age appropriate ways such as being independent, competent and compassionate.

COMMUNITY

For the children to develop a sense of being part of a group – both the group that is their family and the new group that is their Kindergarten. For the children to learn about ways to contribute and care for each community.

INDIVIDUALITY

For the children to explore their own abilities, creativity and imagination. For the children to enjoy their own company and have pride in themselves.

PARTICIPATION

For the children to engage in learning, to be curious and eager to participate and confident to have a go and share their learning with others in their community.
